Rolf Benz VOLO

Design **labsdesign**

nothing but wunderbar.

**ROLF
BENZ**

Catches the eye. And never lets go.

Discover a new perspective on life and enjoy the exquisite feeling of luxurious lightness and superlative comfort with the Rolf Benz VOLO sofa range. The elegant composition of super-soft cushions, a fine covered frame and graceful feet appears to float in the room. Whether as a single or a sectional sofa, Rolf Benz VOLO can be perfectly adapted with a range of design options to fit personal preferences and has been designed to accommodate flexible living.

More space for your ideas.

Rolf Benz VOLO offers a range of options for creating exciting sofa landscapes. The individual elements can optionally be free-standing in the room or joined together. Upholstered modules without backs or integrated tables also provide visual transparency. The back cushions, with the rolls integrated into the lower back area, provide pleasant support and allow especially comfortable reclining. As a result, the model's generous seat depth is perfectly compensated. The optional higher back cushions offer exceptional upright seating comfort thanks to a further roll resting on the back of the sofa that also provides comfortable support in the upper section.

Designing comfort.

As a modular and flexible sofa system, Rolf Benz VOLO satisfies discerning demands in terms of comfort and, with its Lounge Deluxe upholstered version, is ideal for lovers of a casual look. The construction of the Lounge Plus upholstery offers maximum comfort to those who prefer a more tranquil surface. The covers for the body, frame, back cushions and back cushion rolls can be combined in all-over look or individually with various fabrics and leathers in 'mix and match' style. The metal feet on the sofa, which is available in two seat heights, are offered in fine traffic black, umbra grey or modern metallic ochre beige.

Relaxed interaction.

In the Rolf Benz VOLO comfort range, the connection between the individual feel-good factor and practicality is effortlessly appreciable. The Rolf Benz 933 side table, for example, forms the ideal add-on, standing to the side of the sofa or as a harmonious in-between element. The Rolf Benz 933 shelving unit provides an especially practical storage surface on the back or side of the sofa. Both versions are available in natural oak, black oak or walnut.

Added lightness.

The elegant Rolf Benz 932 coffee table brings an additional sensory aesthetic to your living room. The table, available in two sizes, impresses with its finely rounded tabletops which, just like Rolf Benz VOLO, exude a lightness that gives it the appearance of floating. The tops are available in natural oak, black oak, American walnut or Parsol glass. The striking metal frame can be chosen with surfaces in traffic black, umbra grey or ochre beige metallic.
